COMPENSATION:

As of now, this is a non-paid, one week, volunteer position. However, if you are willing to stay for the duration of the summer season (eight weeks) we would love to work with you to create a college credit internship. Other forms of compensation are free housing and meals during your stay. And lastly, you are welcome to use the photos you take in your personal portfolio.

DUTIES/DESCRIPTION:

We are looking for individuals with some photo journalism experience who aren't afraid to get dirty taking pictures at camp. You will go where the campers go: that means that you might find yourself on a hike, in the middle of a field game, out on the lake, or at a small group bible study. Basically you will be taking pictures of "all the things".

If you decide to join our team this summer, you will be receiving some training materials to read through. It will help you get a better idea of what kind of photos we are looking for and also what we are not looking for.

THINGS YOU'LL NEED TO BRING:

- Your own camera equipment (DSLR). Additional video camera is optional.
- A laptop (for editing/sorting through photos while at camp).
- All the other normal things people bring to camp ;)

HOW TO APPLY:

- 1** Apply online at <https://pnwcamps.campbrainstaff.com>
Create a login and then apply for the position titled Volunteer Photographer under the PNW Camp Photographer section. Since you'll be with young campers we are required to comply with the United Methodist Church Safe Sanctuary volunteer policy. This means that you'll need to submit some personal information for a background check in your application.
- 2** After you have completed the online application send 3-5 of your best story-telling photos to:
Pam Murphy at design@pnwcamps.org
